Bolton Heads Faculty List Of 11 New Appointments

Herbert E. Bolton, professor emeritus of history at the University of California, is among 11 new appointments to the faculty, it was announced Wednesday by President J. Paul Leonard. Dr. Bolton is recognized as the greatest living historian on Latin-American history, as well as the leading historian in the United States. Dr. Bolton will be lecturer in history and will teach History 8A: History of the Americas, a course which he originally set up at U. C.

Quartararo To Sing Here Next Week

Opera commitments permitting, Florence Quartararo '41, Metropolitan Opera star and alumna of State, will sing at the semi-annual freshman assembly in the Baptist Church at 1 p.m. next Wednesday.

Principal speaker at the assembly will be President J. Paul Leonard.

Classes will be dismissed at 1. Because of the limited seating capacity of the Baptist Church, only students and faculty members will be expected to attend.

In addition to the songs of Miss Quartararo, musical selections will be rendered by the Festival Chorus and College Symphony, directed by William Knuth.

The freshman assembly, a tradition at State, is one of the major "first" events of each semester.

Miss Quartararo, who sang Donna Elvira in "Don Giovanni" last Friday at the Opera House, will be heard in "The Marriage of Figaro" October 5. She received very favorable reviews for Friday's performance, particularly from Alfred Frankenstein, music critic of the San Francisco Chronicle.

Last Spring she received a notable ovation in her concert at the Civic Auditorium, where State students hold a block of 100 seats.

After her debut at the "Met," Miss Quartararo achieved wide acclaim throughout the music world by stepping into top operatic roles with only a few hours advance notice and giving top performances.

Sigas Sponsor First Social

Starting gun for fall activities is scheduled for 8 p.m. next Saturday, when State's second annual Kick-off Dance is held in the gym. Sponsored by Sigma Pi Sigma, men's service fraternity, the event will celebrate the Gators' football game with Alameda Naval Air Station.

Bob Wallace and his band, who played at Larkspur and Guerneville this summer, have been engaged for the dance, according to John Rocky, Sigma Pi Sigma vice-president and dance chairman. Sport clothes are in order, Rocky said. Price of admission has not been decided.

Full Semester Program Inaugurated by AVC

State's chapter of the American Veterans Committee launched its fall program by making arrangements to have a registrar of voters on campus during registration week for the city election.

The AVC, which is an off-campus organization, is open to all veterans of World War II.

Under the leadership of Chairman George Allen and Vice-Chairman Hank Marsheck, the organization is planning a campaign for increase in veterans' subsistence allowance, housing and continued support of President J. Paul Leonard in his drive for State's new campus.

ACTIVITIES

Frosh Get Acquainted

Under the direction of Milt Reiterman, the newly inaugurated orientation program for all freshmen was held September 16 and 17.

During the two-day program speeches were delivered by President J. Paul Leonard, Miss Mary A. Ward, dean of women, and John Cornelsen Jr., dean of men. Reading and orientation tests were given.

FREE COOKIES GIVEN

Ken Pasqualetti, activities commissioner, was in charge of the free rally and noon hour dance that highlighted the activities. Members of Reiterman's committee,

MILT REITERMAN
Orientation Head

who escorted the students around the campus, acted as student guides and gave away free cookies, were members of the following organizations: Kappa Theta, service sorority, Block 'S', Bib 'n' Tucker, fashion and service sorority, WAA, the football team and Phi Epsilon Gamma, women's physical education sorority. Other individuals who aided were Leon Del Grande, Bob Barisone and a group of unaffiliated women under Mary Ellen Berry.

PRAISE MADE
Reiterman wishes to publicly thank all the committee members for their co-operation in carrying out the orientation plan. He especially wants to compliment the freshman class and their fine participation which he hopes will exemplify the spirit of the class of '51.

This was the first time in recent history that a complete freshman orientation program was conducted, it was stated by Vin O'Leary, student body president. He added, "I wish to thank and compliment Reiterman and each member of his committee for the bang-up job they did."

'Witches' to Wobble
Bib 'n' Tucker, service and fashion sorority, has announced it will hold a "Witches' Wobble" on Halloween, October 31. "We are leading with our chins on this one," commented June Dolan, recent president.

BOARD WELCOMES NEW CORPORATION MEMBERS, INVITES ACTIVE PARTICIPATION

From: June Christensen, Hal Fox, Felix Kraus, Vin O'Leary, Ken Pasqualetti, John Schuster, Audrey Scontriano, John Shepherd. "Numerically, San Francisco State College is the equal of many great colleges in the United States. However, it has maintained one partial characteristic not evident in colleges of large enrollment. Our college has maintained a real feeling of friendliness among its students and a sense of intimacy throughout the college as a whole. This is one of our greatest assets, an asset your board of directors desires to encourage. We welcome the new student to our college and ask that he partake of the real friendship of our student body.

Your Board of Directors of Associated Students invites the participation of every student in its activities. Its sole purpose for existence is to represent the student in every phase of his college career.

At State the board is not a thing apart from the individual student, a government agency functioning to give prestige to those holding office. It exists solely to answer the demands of the students and to voice those demands in the most effective manner.

With this philosophy of student government, we, the Board of Directors of Associated Students of San Francisco State, invite your immediate participation. Welcome to State—the friendly college.

Election Date Set; Petitions Due Friday

Election of class officers and three members of the Board of Directors will be held two weeks from today, it was decided at the regular board meeting Wednesday night.

Petitions for these offices must be signed by 15 student body members and be turned in to the Student Body Office next Friday at 4 p.m.

Only P.L. 16 Cases To Be Handled

Only veterans in training under Public Law 16 will be handled at State this term, according to Gildas E. Metour, Veterans Administration representative at the Guidance Center for the past year. All others will be managed by the Regional Office, 49 Fourth Street.

Mr. Metour made this statement Friday, just before his departure to the University of California, where he will study clinical psychology. His replacement is Wolcott C. Treat, associate professor of psychology.

Jack L. Mengel, who recently replaced Frank Pursel as veterans training officer, will be succeeded by William I. Olson. Olson was the training officer at San Francisco Junior College last year.

Olson will be here only Tuesdays and Thursdays and will handle P. L. 16 cases only.

The continuous change in personnel, according to Dr. Metour, is caused by the cut in appropriations to the VA.

FORUM

Outland Appears On Town Hall

George E. Outland, professor of sociology, was one of the guest speakers at the town Meeting of the Air, national forum held August 7 at the War Memorial Opera House. The forum was sponsored by the San Francisco Chronicle and Radio Station KGO of the American Broadcasting Company, which broadcast the forum on a national hookup.

Topic for debate was "Is the Two Party System Failing in America?" with Outland and Bartley Crum, local attorney, taking the affirmative, and Lieutenant Governor Goodwin J. Knight and James Roosevelt, state chairman of the Democratic Party, taking the negative point of view.

More than 200 students from State attended the broadcast, 50 being from government classes of Outland and Lowell Noonan, member of the visiting faculty at summer session.

Outland, who came to State last spring, was former Democratic Congressman from California's Eleventh District. Prior to that he had gained fame as an educator and sociologist.

Ruth Bride Wins Paris Model Trip

Ruth Bride, former State student, won first place in the model contest sponsored by the San Francisco News last Tuesday. The top three in the contest will be given a trip to Paris, where they will model San Francisco manufactured clothes. Pat Emery, also a former State student, placed sixth.

Story Hour Held Today

A story hour will be held this afternoon at the City Library at 4. Students interested are urged to attend.

1300 Join Association; 200 Sign Pledges; Campaign Continues As O'Leary Moves For 2000 Mark

ENROLLMENT

Roster Hits New Record

For the first time in history, San Francisco State College is turning away students applying for entrance, according to Miss Florence Vance, registrar. At the last tabulation, enrollment for the fall semester totaled 2933 students. "This figure does not include In-Service Education Division registrants, which are expected to pass the 1000 mark," Miss Vance said.

Last spring enrollment approximated 2700.

Currently, full time enrollment is limited to 2850 students. The following is a breakdown of the enrollment total recorded thus far: 1729 regular students; 122 limited; 972 studying under Public Law 346; 71 studying under P. L. 16; 1 under V-5; 13 under Veterans Welfare (state); 13 under Vocational Rehabilitation (state).

At press time, 165 students have been disqualified for failure to maintain minimum scholastic standards. Each case was considered individually by the Deans' Committee. At present none has been readmitted.

The standards, which were raised this year, specify that a student must attain a 1.0 grade point average in his junior year. Under the old rule the 1.0 average was not necessary until just prior to graduation.

The change in requirements was deemed necessary because some seniors were unable to attain the 1.0 mark and were, consequently, ineligible for graduation.

Rates Available For S.F. Symphony

Cut rates on season tickets for the San Francisco Symphony student concerts will be available soon in the Music Federation office, Ed Avril, Fed president, announced this week. These will be made possible by the Symphony Forum of which a chapter is maintained at State, Avril said. The concerts are scheduled for Thursday afternoons.

Only a limited amount of tickets will be sold, for each college in the Bay Area is allotted them by the number of students enrolled. Music Fed members will be given first preference.

'Garret' Hits Boards At Marines Memorial

An original three-act comedy, "The Garret," will be presented October 1 and 4 at the Marine Memorial Theater at 8:30 p.m.

"The Garret" was written by ex-State Don Ray and is under the direction of State student Jay Coulter.

This vehicle is the first in a series of original productions to be presented by this co-operative theater company.

'Mademoiselle' Editor Seeks News on Campus

Miss Nancy Garoutte, college board editor of Mademoiselle magazine, was on campus Tuesday talking with instructors and students, obtaining information for college magazine articles.

Thermometer to Measure Daily Rise in Purchases

More than 1300 students have purchased their student body cards and have become active members of the Associated Students, Vin O'Leary, corporation president, disclosed this week. John Shepherd, student body treasurer, currently is sparking the drive for card holders. Approximately 200 pledges to purchase cards have been signed.

However, the total number of cards purchased and pledged is still short of the anticipated 2000 mark.

COLLEGE EARNS \$35,000 IN STUDY GRANTS

A grant of \$35,000 and 10 scholarships have been awarded San Francisco State College, President J. Paul Leonard announced this week.

The grant from the legislature provides for a five-member staff and basic equipment to carry on a program in special education which will be headed by Leo Cain, professor of special education, formerly of the University of Oklahoma.

Miss Dorothy Riggs, who has been raised to acting professor of speech correction, will be one of the staff members.

The 10 scholarships were voted at the San Francisco meeting of the board of directors of the Congress of Parents and Teachers and will finance students who will come to State and study in the field of special education. The scholarships of \$600 each are available to students of senior and graduate standing.

General basic courses which will lead to a credential in special education will be instituted at State this fall. Additional courses will be added in the Spring.

"It is hoped," said President Leonard, "that the program will be in full operation by next fall."

Gater Dispersal Points Listed

The Gater will be distributed each day of publication at the following spots: Music Alley, Co-op, Gater Office, Hut 4, from 10 to 12:15. After 12:15 it will be distributed outside the Co-op and Gater Office only. Student Body cards must be presented for punching. Ten cents will be charged for each copy to those persons not having a card.

Deadlines for publicity in the Gater are club incidentals, Friday at 5 p.m.; sports, Monday at 10 a.m.; ordinary announcements, Monday at 5; and all other news, Tuesday at 12. Only special items will be accepted after Tuesday.

P. O. Box Numbers Need Checking, Says Ryan

All student body members are requested to check the numbers on the post box directory cards with those on their student body cards, Phil Ryan, head of the P. O. box committee, announced today. If the numbers are not the same, students should notify the student body office, Hut 4.

Have You Your Annual?

Additional copies of the year-book may be purchased for \$3 with student body card, and \$4 without.

THERMOMETER ERECTED

A thermometer measuring the purchase of each new card has been erected on campus as an added incentive for those who have not yet joined the student corporation.

Those who have bought their cards already are enjoying the numerous advantages open to student body members, use of the cafeteria script book, health center card, post office box, and later a cut rate tariff on both the Franciscan, annual yearbook, and the Gater... "\$14.50 worth of collegiate activities for \$8.00."

Despite a cut of \$2 (from \$10 a card last spring to \$8 this fall) all the regular college activities and facilities of the previous semester will be available. The lower price was partially instigated by the anticipation of a record student subscription.

KEY TO ACTIVITIES

"Students are reminded," O'Leary concluded, "that the student body card is the key to all extra-curricular activities: participation in athletic events, admission to rallies, membership in campus organizations or the staffs of any of the college's publications."

Cards may be bought throughout next week at the student body offices, Hut 4. Also as an added convenience, Kappa Theta and members of Bib 'n' Tucker will conduct a sales booth in College Hall.

MUSICIANS

Fed to Hold First Mass Meet Tuesday

First of the Music Federation's fall activities will be the organization's mass meeting, scheduled for noon Tuesday in John Muir Auditorium, Ed Avril, Fed president, announced. The rally will feature entertainment not only by musicians, but other performers as well.

Formerly an organization only for music students, the Fed now is open to everyone on campus. Its membership boasts a cross-section of State, from physical education majors to future psychology professors, Avril stated.

During registration the Fed swelled its ranks to slightly less than 400, without putting on its usual membership campaign. "Our new policy is to back anything and everything musical on campus. The Fed will support the student body to the utmost. It will back all musical activities such as orchestra, band, chorus, a Cappella Choir and furnish music for all drama and radio productions," Avril commented.

Other events planned for the term include a picnic at Sigmund Stern Grove, the annual Sadie Hawkins Day Dance, the yearly Christmas party and a dance aboard a bay excursion boat, as well as the regular student tea concerts, which include entertainment and refreshments.

Sigma Pi Sigma presents

SATURDAY, OCT. 4

8 to 12 p.m.

Foreign Scholars Enroll Here

Seventeen foreign students now are enrolled at San Francisco State College, representing all corners of the world, it was announced by President J. Paul Leonard last week. Of these, some are enrolled at State on orders from their governments or consuls.

Sent from Iran, to later become educators in that country, are Iraj Shahrokh and Pasha Ashrafi. On orders from Iraq, Mohamed El-atter, Kamel I. Nader and A. F. Shally now are attending State.

San Francisco State College and the Mexican government have entered into an agreement to work on an experimental program whereby the college will train a

group of selected people in the ways that knowledge may be visualized by the people of Mexico.

The three students who have been selected are Alicia Ulloa, head of first year school in Mexico; Luis Borjon, agricultural engineer and director of agricultural school at San Luis Potosi, and Ignacio del Caltillo, philologist at the National Museum of Anthropology in Mexico.

After a one-year course, they will return to Mexico to teach agriculture, public health and education to large groups of students who, in turn, will go into rural areas to teach, by means of slides, moving pictures and recordings.

Expenses for the three students enrolled in the program are being paid for by the Mexican Government and Columbia Foundation.

Other foreign students enrolled at State are: Alfred Quiros from Costa Rica; Ding-d'jung Hwang and Shu-Sen Kung from China. Chile is represented by Anice Dirk; Nicaragua, Jose Heyliger; Philippine Islands, Honofre S. Megino; Spain, Carmen Falqueras; Bolivia, Vallejos Quidoga; and representing Sweden, though born in Mexico, is Doris Goldstein.

Also attending State this semester is Jean-Claude Gillaud, Paris, France, who has been in this country six months.

EDITORIALS

THANK YOU, MR. TAFT

Thank you, Senator Taft! You've been doing a lot of popping off lately about what you and your party did in the last session of Congress. You've been bragging about all your economy measures—how you cut this appropriation, how you cut that and so on. Well, we feel one of those cuts here. You cut the Veterans Administration to the extent that 900 VA employees were laid off in the Bay Area. The VA has warned the veterans attending this school not to expect their checks until November. Why, Senator Taft? Shortage of employees, that's why! Not enough appropriations.

It also was announced last week that this college will no longer have on hand a full time veterans' training officer. One will be here a few hours a week but only to aid those veterans in training under Public Law 16. That's all very good, Mr. Taft, but what about approximately 800 veterans who are under Public Law 346, the "GI Bill"? Almost every one of those 800 have had difficulties with the VA before. Their checks have been late, or they were short, or letters of eligibility did not come in on time. Those things happened even when we had a full time training officer at this institution. WHAT CAN THEY EXPECT NOW?

We're not thanking you just for what you've done for the veterans, Mr. Taft. You have been doing a lot of loud-mouthed talking about who is responsible for the scuttling of price control. Well, we know who is responsible. We have available some very strong quotes of yours made a year ago. There is no question in our minds about who is responsible. We remember who was saying "free competition" will take care of everything. How free is that "free competition," Mr. Taft?

How about housing? Oh, sure you have your name attached to a good housing bill, the Wagner-Ellender-Taft bill. But what happened to it? You were the Republican leader in the Senate. Surely you had enough power to get it out of committee. The minority party was clamoring for it. What was the matter, Mr. Taft? We have heard that the real estate lobby stopped it. They are close friends of yours, aren't they? Don't you own a considerable amount of real estate in Cincinnati? Your friends didn't put the pressure on you, did they?

You do a lot of talking about freedom of the press, too, don't you? We are sure that you also feel that a free press has the responsibility of reporting all the news, in a manner that will present both sides. Well, then why is the Cincinnati Times-Star so reluctant to do just that? Why is it that important speeches (of your opponents) and other national issues never reach print in the Times-Star? It's not because the Tafts have a controlling interest in that paper is it?

Yes, Mr. Taft, you've done a lot. We won't even mention the Taft-Hartley law. All we can say is Thank You very much, Mr. Taft. Be seeing you in 1948.

This open letter presents one side of a current controversial issue. The editorial board of the Gater invites any dissenting comments from members of the Associated Students. They will be published in the "Letters to the Editor" column.—Ed.

Student Body Card: A Must

O'Leary, members of the Board of Directors, Milt Reiterman and his freshman orientation committee, Mr. Roumasset and all others who aided in the student body card sale and other activities on Registration Day deserve praise. Especially to be complimented are members of the Student Advisory Council who, every registration, have the thankless job of guiding all the registrants to the various stopping points, checking their forms and other tasks. For their work last Thursday and Friday, all hands deserve a "well done."

O'Leary was at the college every day for the last four weeks working on plans for the coming year. Meetings with his board were held prior to the opening of school. He has taken his job seriously and has shown his sincerity in trying to give every student an "adequate and happy college experience."

In line with that, he is pushing the sale of student body cards. By buying a membership certificate into the Associated Students, he maintains, each student can feel himself an integral part of the college and student body. It will help him gain a more rounded college experience.

Some comment has been made the last week and a half concerning the real tangible benefits of the student body card. "What actually does it give us," many ask. "What does it offer the married veteran who doesn't have the time nor money to participate fully in student body activities?"

A new benefit, the 10 per cent discount in the cafeteria, will save the average person eight or nine dollars a semester. More benefits as real as this will be forthcoming, it has been promised by O'Leary if the student body can afford them. The more student body cards sold, the greater the capital fund will be by which these benefits can be given.

But other than distinct financial benefits, there are many advantages offered by the student body card. Almost all educators have recognized the necessity of extra-curricular activities as a part of a college curriculum.

They generally agree that to get a real well-rounded education each student must fit into college life. Studies alone will

(Continued on Page 4)

Campus Abounds With Organizations, Honor Societies, Interest Groups, Clubs

Opportunities for participation in the many clubs and fraternities of State College are open to all student body card holders who meet the requirements of the specific organizations.

All these clubs, organizations and Greek letter societies come under the jurisdiction of the Welfare Council headed by Audrey Scontriano, student body vice-president.

KAPPA DELTA PI
Membership to Kappa Delta Pi, international honorary co-educational fraternity, requires a 2.0 grade point average and at least 12 units of work in education courses. It is active in both social and educational fields.

ALPHA MU GAMMA
Dinners, lectures and excursions are representative of Alpha Mu Gamma, national honorary language fraternity. Membership requires two A's and one B in foreign language courses.

ALPHA CHI EPSILON
Students working for kindergarten-primary credentials with a 1.0 grade point average and a major in education are eligible for membership in Alpha Chi Epsilon, honorary education fraternity.

ALPHA OMEGA
Exceptionally active in student body activities is Alpha Omega, women's service sorority. Prominent among their numerous annual affairs are the Barn Dance and the Mother's Day breakfast. The organization also offers a semi-annual scholarship to women above low freshman standing. Members are chosen by the group.

ALPHA PI NU
Membership to Alpha Pi Nu, nursing sorority, is limited to pre-nursing and pre-medical women students or those engaged in post-graduate medical work at the college.

ALPHA PSI OMEGA
Alpha Psi Omega, honorary dramatic co-educational fraternity, is

comprised of students who have done considerable work in college dramatics. Social and occasional one-act productions are their contribution to the college. Membership is by invitation.

ART FEDERATION
Members of the Art Federation participate in the many sign and poster displays on the campuses as well as presenting an occasional art exhibit. Any student interested in art is invited to join.

BETA PI SIGMA
Sponsors of scientific films, field trips, and lectures of educational value are the members of Beta Pi Sigma, science fraternity. Membership is open to anyone interested.

BIB 'N' TUCKER
Bib 'n' Tucker, service sorority, outstanding in socials, and as sponsor of the annual fashion show. Membership is by invitation only and requires a C average and sophomore standing.

BLOCK S
Block "S", athletic fraternity, is comprised of men who have earned their block letters in various sports. They are active in many school activities, rallies, service and athletic affairs.

CSTA
The California Student Teachers Association, affiliated with the California Teachers Association, is open to all education majors in upper division. The association was organized to acquaint members with the ideals and aims of those in the field of education.

DELTA PHI UPSILON
Delta Phi Upsilon, honorary fraternity for early childhood education, promotes both social and educational activities in connection with their interest in work with elementary school children. Work toward a kindergarten-primary or elementary teaching credential and a 1.8 grade point average are

requirements for membership. among the various nationality groups on the campus.

KAPPA DELTA TAU

Kappa Delta Tau is well known as the modern dance group on the campus. The group performs at many student body rallies and festivals and specializes in exhibitions.

MUSIC FEDERATION

In addition to its many concerts, picnics, dances and dinners, the Music Federation offers a music scholarship to junior high and high school students who attend the Music Workshop during the summer session. Any student interested may join.

PHI ETA CHI

Born during the war years, Phi Eta Chi, social and service fraternity, has taken an active part in campus affairs since its inauguration. Highlighting its social program are the semi-annual forum and the Annual Dance. Pledges are chosen by the members.

PARENT-FACULTY CLUB

Meetings of the Parent-Faculty Club, comprised of members of the college faculty and the parents of the college students, are held on the first Wednesday of each month at the college. They feature well-planned programs which are designed to benefit the college and the general student body.

PHI EPSILON GAMMA

The athletic sorority, Phi Epsilon Gamma, is open to students majoring or minoring physical education. Members assist the Faculty in giving health examinations at the beginning of each semester and sponsor noon games of group sports.

PHI EPSILON MU

Phi Epsilon Mu, honorary physical education fraternity, help to conduct the intramural sports program and sponsor an annual Sports Night. Membership requirements include a major or minor in physical education courses

PAN AMERICAN LEAGUE

The Pan American League features Mexican dinners, luncheons and dances, and does much to broaden student views on Latin American neighbors. Membership is open to any student interested.

SIGMA PI SIGMA

Sigma Pi Sigma, social and service fraternity, has given support to all college activities in its desire to be of service to the school. It gives the annual "Kick-off" Dance. Pledges also are chosen by the members.

STUDENT ADVISORY COUNCIL

The Student Advisory Council serves to guide and direct new students on registration day and throughout their first semester. Members of the council are chosen for high records of scholarship, leadership and dependability. The group participates in general student body affairs and serves at the bi-annual Freshman Reception.

RELIGIOUS ORGANIZATIONS

Religious organizations active on the campus include the Christian Science Organization, Newman Club, affiliated with the national Newman clubs, Christian Agatheans, Student Christian Association, affiliated with YMCA and YWCA, and the Hillel Foundation (Hebrew).

MHA

The Mental Hygiene Association is composed of psychology majors or minors. They have been extremely active in conducting group tests of State College students.

KAPPA THETA

Kappa Theta, service sorority, formerly known as the "Original 13", serves the student body in numerous functions. Among their activities last term were Christmas boxes for service men's hospitals, assisting with the Hubba Hubba Hop, World Student Serv-

(Continued on Page 4)

AUDREY SCONTRIANO
Student Body Vice-President

FREE WORLD CLUB

The Free World Club is active in the study of world affairs and it sponsors the circulation of pamphlets as part of its program to promote political consciousness and to create an inter-racial harmony.

GAMMA SIGMA PI

Well-known speakers are featured at Gamma Sigma Pi, humanities fraternity, meetings. Members are chosen by invitation.

IRC

International Relations Club, affiliated nationally with the Carnegie Foundation, sponsors various social activities and round table discussions and also endeavors to foster good will and understanding

VET GUIDANCE

Lindgren Made New Center Head

The Vocational Guidance Center, located in Room 119, College Hall, is now open to all students, according to John H. Cornelsen Jr., dean of men, and Henry C. Lindgren, newly appointed director of the center.

Dr. Lindgren, associate professor of psychology, announced that non-vets receive guidance by paying a \$25 fee. Those who cannot afford it at present may see the deans for advice or adjustment of any kind.

STATE ALUMNUS

Dr. Lindgren, former assistant chief of the Advisee and Guidance Division at the VA Branch Office No. 12, received his degree at Stanford but is actually an alumnus of State, having taken courses last year to complete units toward his administrative credential.

His last post of duty was Rehabilitation Officer at the U. S. Naval Hospital, Mare Island.

Assisting Dr. Lindgren are Mrs. Alice Breslow and Daniel L. Adler, assistant professors in psychology, and Miss Ruth Shapiro, assistant in psychology and new psychometrist. Mrs. Breslow, with the center last year, did her undergraduate work at Stanford and received her degree at Minnesota. She was also consulting psychologist at the Mayo Clinic in Rochester, Minn.

She also served as psychologist at Juvenile Court. She was part time appraiser at the center last year and taught psychology in summer session.

OTHER PSYCHOLOGISTS
Dr. Adler studied psychology at the Western Reserve University and State University of Iowa, receiving his degree in the latter institution.

Miss Shapiro is a graduate of University of Chicago. She was a Wave officer, and was vocational advisor at the Regional Office before coming to State.

In conclusion Dr. Lindgren said: "The center has something to offer everyone, something that is obtainable nowhere else on campus. By tests it helps some people choose their vocations and confirms others that they are taking their 'right' college program."

Don't Forget! Class elections will be held October 10. Petitions for class officers and board vacancies must be in this Friday, 4 p.m.

Inklings to Expand, Says Bik; Will Cover All College Activities

Inklings, "State's student magazine," is abandoning its position as a primarily literary publication, Editor Hy Bik announced this week. A staff which will cover State's social, political, theatrical, sporting and musical spheres is currently being organized.

As part of a program to widen its appeal, Inklings will give its readers a behind-the-scenes view of all major college activities. No publicity sheet, it will strive to be as objective as possible and may even go out on a few limbs. Coverage will also be given to issues in the world at large which have aroused student interest.

The magazine, a member of the student body's publication family,

Library Tours Given

In celebration of National Library Week, conducted tours of the Central Library will begin this afternoon at 1. Tours end at 8.

Ruth Benedict Speaks at Convention Here

Ruth Benedict, prominent anthropologist and educator and author of several textbooks which have been used at the college, addressed the national conference of the National Association for Nursery Education, held here August 26-29. Many prominent psychologists attended the conference at which Boyd McCandless, Mrs. Lynette Messar and George Shevliakov of the college faculty were leaders. It was the first time the conference has been held at State.

MARKET AT STOCKTON

Gators Play Whittier Tomorrow

By ED LEVITT

Wraps on the package of football wares labeled "1947 Gator Eleven" will be rolled aside—and a spanking new season begins tomorrow night at 8:15 when State plays Whittier at the latter's home field.

The squad will leave on the Daylight tomorrow morning, remain in Los Angeles over night and will return to San Francisco on the noon Daylight Sunday.

Those wishing to travel with the team may make arrangements by seeing Coach Dick Boyle.

This will be the initial meeting of the two teams for the purpose of settling gridiron supremacy.

LAST YEAR'S RECORD

By means of comparison the only thing one can go on is possibly last year's record. Whittier was shellacked by an aggressive Cal Poly team, 13 to 2, while this same Poly eleven just barely squeezed a 7-6 win over the Gators.

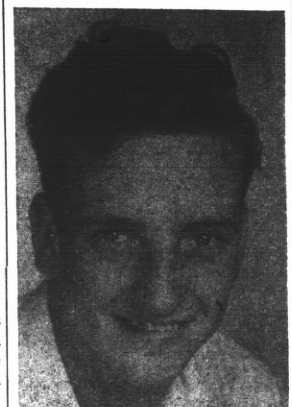

Whittier, along with defending champion Redlands, rates high in the Southern California Conference. The Poets, under the tutelage of Coach Wallace J. "Chief" Newman, won three, lost six and tied one in 1946.

The Gators last fall highlighted their three wins out of six games with a lambasting of the Chico Wildcats, 26 to 0.

Coach "Smiley" Boyle has at his command a team with speed

and a fair amount of passing ability.

The Gator eleven, however, is notoriously weak on reserves in the ends, fullback and right half departments.

Adkins... starts at left end.

Fairly stocked are the guard, center and tackle positions on the squad as opening kick-off approaches.

NUCLEUS RETURNS TO FOLD

The nucleus of last year's squad is back, but the expected queue of new faces has ended too abruptly. Coach Boyle, nevertheless, still

has hopes of adding more names to the Gator roster of players.

Among the newcomers who have made an auspicious appearance, one athlete seems destined to come through for State. His name is Major McBee. The speedster will be inserted at left half, Barney Greenberg being switched to right.

McBee is a good passer and he gallops with knees pumping high. He appears to be a natural open field runner and, if allowed to break away, should slice off impressive yardage in tomorrow's tussle.

The Gator eleven this fall will feature a brother combination in Jack and Bill Miller. The boys play guard and tackle, respectively. Coach Boyle is high on Bill's work in the tackle spot and he may get first call against Whittier.

Besides Miller at left, there is Bob Barisone, who is ready for active duty. Bob is fast learning the tricks of the trade.

HOLLAND AT TACKLE

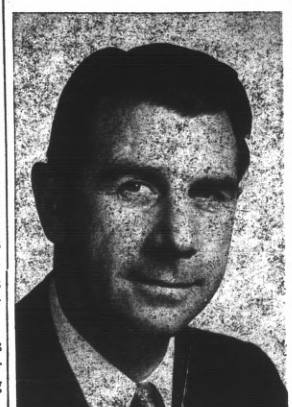

Bill Holland, who was totally green last year, gets the ticket for right tackle. Pressing him for the job are John Fabbri and Leon Del Grande.

Amos Adkins and Ed Melendez will hold forth at ends from left to right. Both men are from last year's squad.

For replacements there are Jack Byrnes, Tony Matulich (up from

the jayvees) and Joe Brazkovich. The latter is a new man, strong on offensive work and defensive blocking.

Brazkovich may not see too much action tomorrow. He's just

Boyle... employs T formation.

recovering from a pulled tendon.

With Roger Turner, who was an early practice cinch for first string, a last minute name on the ineligibility list—George Reppas now steps into his shoes at left guard.

"The Flying Greek" hits the opposition with the tenacity of a wild bull—arms and legs flying.

The right side will be handled by Jack Root. Root demonstrated his clever downfield blocking and running interference in last year's encounters.

He's fast enough to stay ahead of the ball carrier and at the same time do effective work.

Bucking Root for an r.g. berth are Bob McGinnis and Miller, Jack this time.

Milt Reiterman will start at center. Besides being a strong line backer, Milt is also a type of player who imbues spirit in a team.

Howie Hill, formerly from Lowell High, who was forced to the sidelines for State last season by way of an injury, will alternate at center with Reiterman.

Another possible replacement at that spot is Bill Marcus. Name sound familiar? He's the younger brother of former Gator baseball star, Bob Marcus.

Armand "Quart" Quartini, who came to State as a quarterback last only to find himself at center last season, will be switched again—back to quarter.

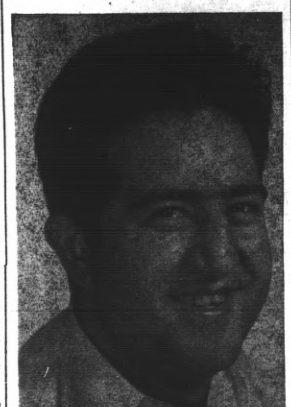

"Quart" has lost excess poundage over the summer and now runs like he's really going places. The Quart will also call the plays against Whittier.

Bill Firpo, who has looked good in scrimmages of late, is another possibility at quarter. Firpo played

for the jayvees last fall.

Also making a firm bid for quarterbacking chores is "Kip" Kermorian. "Kip" sparkles on offense but needs more work on defense.

Don Ellis, an earlier candidate

Quartini... first string quarter.

for the position, has dropped out.

Two capable ball handlers from last year's outfit will divide right half honors, Barney Greenberg and Morry Flynn. Greenberg, with one year of solid experience behind him, looms a starter tomorrow.

Flynn, who tackles and runs

with equal finesse, is a cinch to get in his licks against the Poets.

BOLES GOOD KICKER

Along with McBee at left half will be Earl Boles. Earl is possibly the best kicker on the squad and has the potentialities of a dangerous passer. He has yet to fully utilize his assets, however. Tomorrow may be his day.

Paul Suez also appears to be strong at the l. h. post. He's experienced and knows how to find holes in the opposition's defensive armor.

Tony Morrow will get the nod to start at full. He runs hard and with his head down. When Tony's 210 pounds of dynamite crashes into the Whittier line, there's bound to be an explosion. Something's got to give!

Number two man for the position is Elmer Roelling. Elmer is a terrifically long passer and kicker. State's TD drives will stem from the T formation—Shaughnessy version.

Coach Boyle will employ a balanced line against the Whittier Poets.

Here's a tentative lineup for tomorrow's opening kickoff: Melendez, right end; Holland, right tackle; Root, right guard; Reiterman, center; Reppas, left guard; Miller, left tackle; Adkins, left end; Quartini, quarter; Greenberg, right half; McBee, left half; Morrow, full.

Phi Epsilon Gamma Aids in Physicals

During registration week more than 900 health examinations and chest x-rays were given by the women's physical education faculty and Phi Epsilon Gamma.

Officers are: Carolyn Roswall, president; Norma Beltrame, vice-president; Margot Schmidt, corresponding secretary; Sylvia Zeitlen, recording secretary; Violet Pfeiffer, treasurer; Loretta Tiscornia, historian; Elizabeth Hinze, alumni representative; Maxine Peck, publicity manager; Mrs. Blanche Drury, sponsor.

NOON TIME EVENTS

Intramural Set-up Plans Wide Field of Activities

An intramural sports program that should tempt the average athletically-inclined male on the campus has just been completed, it was announced this week by its director, Coach William "Bill" Harkness. Intramural activities will cover all athletic events of the day, including archery.

Ex-Footballer Joins PE Staff

William W. Harkness, former Gator football and track star, has joined State's athletic department as jayvee coach and intramural director. At State he won letters for his work on the cinder path and the gridiron.

Following graduation in 1938 he went to Napa Junior High School to coach. Under his leadership Napa High School football and track teams took top honors in the A, B and C leagues.

In 1946 Harkness was appointed football coach at Reedley College after a series of successes at Napa High School.

Any authorized club, class or organization can sponsor a team for intramural participation.

AWARDS GIVEN

Ribbons will be awarded to members of the first two place teams in all squad sports.

Preparations for touch football and boxing tournaments have been under way and within a short time both sports should be in full swing.

SIGNUP AT GYM

Students interested may sign up at the gym. Men who have earned blocks for these events are ineligible.

Coaches Harkness and Guido de Ghetaldi have planned an extensive schedule of intramural activities for this fall. New students as well as old are invited to participate.

Opportunities are open for managers, directors and assistants for the various teams.

WAA Maps Fall Program

By FLORA AUYONG

Women's field hockey will be offered on Mondays and Tuesdays, 12 noon, at upper field. Managing the outfit is Thelma Van Sickle. Signup sheets are posted in the women's gym. All interested are urged to participate in activities.

All student bowling sessions, managed by Shirley Sikol, will be held at the Downtown Bowl, Eddy and Jones streets, on Mondays, 6-8 p. m.

The gym and courts will be used for badminton and tennis tournaments on Wednesdays and Fridays, 12 noon, with Jeanne Contel as leader.

FOLK DANCERS MEET

Coeducational folk and square dancing meets on Tuesday, 7-9 p. m. in the gym. Alice Brehl is head caller. Many national and widely known sequences will be taught. All students are asked to join the group.

On Tuesdays, 5-8 p. m., fencers will meet in the gym with Hilma Marshall.

MEMBERSHIP OPEN

Kappa Delta Tau, honorary women's modern dance sorority, is now open for membership. Meeting days will be on Mondays and Wednesdays, 4 p. m., in the gym, with manager Mary Ellen Butler.

GRIDIRON'S LI'L MEN

Jayvees Clash With Menlo In Season Opener on Oct. 4

Junior Varsity football practice began at State this week in preparation for the opening game of the season against Menlo J. C. on October 4 at Lake Merced Field. This encounter will go on prior to the State-Alameda Air Station game the same day. Starting time for afternoon kickoff is 12:30.

A razzle-dazzle type of offense, operating from the man in motion will spearhead State's Jayvee attack this season, according to Coach William "Bill" Harkness.

T. single-wing, double-wing and short punt formations will be included in the offensive maneuvers of the jayvees. If anything, the jayvees will be an interesting type of ball team to watch.

Brightest hopes are centered around Duane Mattox, experienced fullback who hits the scales at 195 pounds.

Mattox hails from Nebraska, where he picked up his football knowledge, as well as bruises playing against fellow corn huskers.

In tackling Menlo J. C., the Gators will be up against no less a foe than the Junior Conference Champions of last year.

Should the jayvees defeat Menlo, it could be the start of a successful season.

All-City Prep Star Freshman at State

Bob Keropian, all-city athlete from George Washington High School, has enrolled at State for the fall semester.

Last spring Keropian came within two inches of breaking the city broad jump record. His jump was 23 feet, 1/4 inches. He also made All-City in baseball and basketball.

Next spring Keropian will join his brother Mike on the baseball diamond. This fall he will turn out for State's basketball team.

TD Wins Milkshakes

Denny Dairies, 321 West Portal, will give 10 free milkshakes to the player who makes the first touchdown for State in its first game with Whittier tomorrow night.

Burk Staff Increased

Four New Supervisors To Aid Teacher Program

The addition of four new supervisory teachers to the staff of the Frederic Burk elementary school was announced this week by Mrs. Grace Leathurby, professor of education, in charge of the training school.

New supervisor of kindergarten classes is Miss Doris Brown. Miss Brown, a graduate of U.C.L.A., received her master's degree at Columbia University.

Supervisor teacher of the second grade is Mrs. Kathleen Barieau, a graduate of U.C.L.A., with additional graduate study at Stanford University.

Mrs. Margaret L. LaGrille is the newly appointed supervisor of the third and fourth grades. Mrs. LaGrille was formerly a member of the teachers training staff at Mt. Wilson School, Washington, D. C., and also gained added experience as an elementary teacher in Seattle, Washington.

Mrs. Ruth Hadley joins the supervisory staff after three year's work as a demonstration teacher at Horace Mann Teacher's College, Columbia University, New York.

Supervisor teachers direct the student instructors.

At present all student teachers are in their second year of student teaching. A few are instructing classes alone which is a new training departure initiated at the Frederic Burk School this semester.

Lab Assistants Needed

Positions as laboratory assistants are now open, according to Stanley W. Morse, professor of physical science.

Anyone who wants to take a job for about 12 hours a week should see Dr. Morse in Anderson Hall, Room 100, or Alma Downey, placement secretary.

ice fund and serving at faculty luncheons. Under the direction of June Nickelson the sorority played a prominent part in the orientation program.

ALPHA PHI GAMMA

Alpha Phi Gamma, national honorary co-educational journalism fraternity, is open to all students who have done outstanding work in college journalism. The fraternity sponsors the annual Gold Rush Ball and other socials and endeavors to promote high ideals of college journalism on the campus.

SIGMA ALPHA ETA

Honorary upper division men's fraternity, Sigma Alpha Eta gives a one-year's scholarship annually to a male student and also a book to the library. Members are required to have a 1.8 average and are pledged.

BRIDGE CLUB

Organized last year, the Bridge Club sponsors games, tournaments, socials and endeavors to teach its members better methods of playing bridge.

BETA PI SIGMA

Beta Pi Sigma is primarily an organization for students interested in science, but any student may join. The club sponsors the showing of scientific films, field trips and lectures of educational value.

PHI LAMBDA CHI

Organized in 1926, making it the oldest sorority on campus, Phi Lambda Chi is a social and service sorority and sponsors socials, picnics and excursions.

Shakespeare Students Given Assignment To See Movies as Part of Class Study

As part of her Shakespeare class, English 59, Mrs. Ruth Witt-Diamant will show the education movie short, "Will Shakespeare."

RUTH WITT-DIAMANT
Assoc. Professor of Language Arts

in Room 209, College Hall, next Friday at noon. Everyone interested may attend, and she particularly invites members of Gamma Sigma Pi, humanities fraternity.

Throughout the semester other Shakespeare movies will be presented, including "Romeo and Juliet," and "Henry V."

In addition to these movies Mrs. Witt-Diamant will give class assignments all movies and plays of Shakespeare presented in the Bay Area if possible.

Newman Club Holds Open House

Newman Club will hold its first meeting October 1 at Siena House, at which time the Rev. Thomas J. Bowe, J.C.P., will speak on the subject of marriage. Plans for a weiner roast and dance at Sigmund Grove will be discussed.

The Newman Club held their first semi-annual open house yesterday. Refreshments were served and officers and the chaplain was introduced to new members.

Car Tickets Sold on Mondays, Wednesdays

Student car tickets will be sold Mondays and Wednesdays, 12-1 p.m., in the rotunda in Anderson Hall.

'48 Yearbook Plans Explained

Pictures of all students photographed during registration will appear in the 1948 Franciscan, college yearbook, according to Editor Pat Merrill.

Under this new photography plan, old and new students were photographed for the Franciscan at the beginning of the fall semester and additional new students will be photographed in the spring. In the past, students paid \$1 for their yearbook pictures, but with the new system only 52 cents is charged.

The '48 Franciscan will contain approximately 100 pages, portraying all phases of campus life. Prices will remain the same as last year; \$3 with student body card and \$4 without.

More than 60 copies of the 1947 Franciscan have not yet been claimed by students who have fully paid for them. These books were purchased last semester and may be picked up in the Gater Office, Hut 4.

HOUSING

'Rock,' Campus Project Full

John H. Cornehlisen Jr., dean of men, announced early this week that the "Rock," State's only boarding house for male students, located at Mariposa and Utah streets, and the Veterans' Housing Unit at the Lake Merced campus are full.

Waiting lists are filed with Cornehlisen's secretary, Miss Imelda Dollard '44, Room 106, College Hall.

Vacancies at the housing unit, Lake Merced, are promised in two weeks, she said.

All those on the waiting list are urged to see Miss Dollard, Room 106, College Hall, as the list will soon be revised. Those students whose names are on the list who have made other plans should notify her.

Present rent rates at the housing project are \$38.50, furnished, and \$32.50 unfurnished. Rates for those earning \$90, however, is 25 per cent of their income, or \$22.50.

Cornehlisen Urges Frosh To Complete Orientation

In order to complete their orientation, freshmen are urged to purchase several helpful pamphlets, available in the Bookstore.

"SOS in the Library," "Time

Savers" and "So This Is the Catalog" are a three-in-one series selling for 10 cents.

"How to Read Rapidly and Well" and "Practical Study Aids" round out the set, costing 15 cents apiece.

The pamphlets not only will aid the freshman in orienting himself but can also be referred to in beginning language arts classes, according to John H. Cornehlisen Jr., dean of men.

The deans would like it known that the time to see them is before any trouble arrives. Adjustments can be made as to rearranging of heavy programs if family illness or other misfortunes occur.

If notified in advance, this rearranging of heavy loads will eliminate mid-term cinch notices.

Fournival Resigns Jobs

Ray Fournival resigned as a member of the Board of Directors and co-ordinator of College Theatre this week. Fournival said this action was necessary because of outside radio and advertising work.

JOHN H. CORNEHLISEN JR.
Dean of Men

More on Student Body Cards

(Continued from Page 2)

not suffice, they say. Were this a resident college that fact would be more readily recognized.

This college does, however, offer an extra-curricular program which will fit the needs of any student. Every interest group is well represented in the clubs and organizations on campus. Our fine record of dramatic and musical achievements give proof to the completeness of the extra-curricular program.

The college has one of the most versatile athletic programs in the West. A great variety of sports are offered.

Surely the dramatic, musical and athletic activities as well as forum groups like the IRC have something to offer any student, married or single. Participation in any of these programs as well as membership in any organization is made possible by purchase of the student body card, which makes the purchaser a stockholder in the corporation of Associated Students.
